September 22, 2017

Dear Sir/Madam,

Buraq Planetary Society, would like to invite students from your institution to register for the 14<sup>th</sup> Buraq Space Camp, sponsored by Interactive Group, Dignosco (Pvt.) Ltd. and IRD. This year the camp will be held in Islamabad from 22<sup>nd</sup> to 31<sup>st</sup> December 2017.

In the past, Buraq Planetary Society, under the patronage of the Pakistan Air Force (PAF) has dedicated its resources to create awareness in the field of space and related technology amongst 14 to 16-year-old students in Pakistan. During the last 24 years, with collaboration from PAF, we have held 13 Space Camps till date. The first one was in Murree in 1994 and 13<sup>th</sup> space camp was held last year in Islamabad. Each year we select 40 extremely talented and gifted young people from various schools all over the country and invite them for a unique live-in camping experience.

The camp comprises of lectures, workshops and field trips that include subjects ranging from rocket design to astrophysics, IT and cutting-edge technologies – alongside which the candidates are constantly evaluated to ascertain their relative ranks. The purpose of this is to decide the top team of candidates – the ones who have a sound academic base, have the initiative to tackle challenges and are able to sustain pressure.

The theme for this year is "[Changing Perceptions Through Visions of Space](#)". We hope to guide the youth and help them perceive the world in a manner which is productive and beneficial to them. The aim is to make them aware of the realities around us in the present, and to help them formulate a vision for the future. To fulfill this task the students will sit through talks and discussions with the leaders from the world of business, technology, science, public health and various other key fields in Pakistan.

Please note:

- Registration forms must be completed on [www.buraqsociety.org](http://www.buraqsociety.org)
- The deadline for registration is 17<sup>th</sup> October 2017.
- Students must be between the age bracket of 14 to 16 years as of 22<sup>nd</sup> December 2017.
- All registered students must attend an Entrance test on 21<sup>st</sup> October 2017 at one of our test venues in order to be considered for the camp.

We look forward to welcoming students from your institution at our Entrance Test.

For any further queries please feel free to email me on [Anushay@buraqsociety.org](mailto:Anushay@buraqsociety.org)

Regards,  
Anushay Mahmud Usman  
Secretary General  
Buraq Planetary Society
